

## SUBJECT INDEX FOR VOLUME 27

- accountability, 1461-1464
- adolescents, mental health and the fear of war, 995-998
- Africa, traditional and modern medical systems, 1125-1138
- age and class gradients, and health in British youth, 291-296
- Agent Orange, and litigation in U.S., 1071-1084
- AIDS, 297-303  
    and perceived stress, 569-578  
    *alcoholism as a risk factor*, 1147-1152  
    and public knowledge, 1295-1298
- alcohol, and health beliefs, 1429-1432
- alcoholism, as a risk factor in AIDS, 1147-1152
- apartheid, and health, 661-745
- artificial insemination, 377-383
- Asian health care traditions, 411-567
- Australia, and repetition strain injury (RSI), 645-649
- ayurvedic medicine, 479-489  
    and mental health in India, 471-477  
    and jaundice in Nepal, 491-495
- Bali, bereavement and loss, 451-460
- Bhopal Disaster, and legal implications, 1105-1123
- black youths, and perceived health status, 1207-1214
- Brazil, oral rehydration therapy in, 25-38  
    patterns of drug use in rural Bahia, 1415-1427
- breast cancer, and factors in choice of surgery, 1257-1262
- breast feeding, in Istanbul and Stockholm, 405-410  
    and maternal health beliefs in Northern India, 461-469
- Canada, occupational health and safety, 1189-1196  
    socioeconomic and health status, 1317-1325
- cancer, care, 159-166  
    and the training of health professionals, 369-375  
    post-surgical recovery, 385-392  
    of the oesophagus, its epidemiology, 971-985
- cardiac rehabilitation, 149-158
- cardiovascular mortality, regional variation in Sweden, 911-917
- Central America, diarrheal disease control project, 97-105

cervical screening, and non-attendance, 651-660  
childbearing, in Korea, 497-504  
child health, in Zimbabwe, 723-731  
     in the Philippines, 1183-1188  
child mortality, in Nigeria, 607-614  
child psychiatric disorders, and the single parent, 181-186  
children's health beliefs, and medicine use, 345-352  
China, and integration with western medicine, 521-529  
     health care system, 879-888  
climate, diffused solar radiation and multiple sclerosis, 231-238  
compliance, attendance for cervical screening 651-660  
     behaviour, 1299-1308  
contraception, and psychiatric symptoms among Moslem women, 941-945  
coping, and unemployment, 239-247  
Cornell Medical Index, and mortality in Polynesia, 1433-1437  
Costa Rica, gastrointestinal illness, 69-73  
cultural models, of diarrheal illness, 5-16  
  
definition of death, and organ transplanation in Japan, 339-343  
depression, among unemployed Swedish women, 1349-1355  
developing countries, and child health, 1357-1368  
diarrheal disease, in Kenya, 1277-1286  
diarrheal illness, 1-18, 53-67, 1277-1286  
doctor/patient relationships, 217-221, 895-900  
     among cancer patients, 1139-1145  
     1299-1380  
drugs, and physician selection, 1381-1386  
drug-taking, behaviour, 277-285  
drug use, in two Brazilian villages, 1415-1427  
  
Egypt, bereavement and loss, 451-460  
equality, in health care, 703-716  
employment, and health in Zimbabwe, 733-741  
environmental disease, and the U.S. courts, 1019-1029, 1031-1041  
epidemiology, of cancer of the oesophagus, 971-985  
essential drug requirements, 955-970

- ethnomedical models, of diarrheal disease in Pakistan, 53-67
- ethnomedicine, and mental health in Trinidad, 129-148  
in Thailand, 437-443
- Finland, and medical sociology, 223-229  
utilisation of health services, 1263-1268
- Gabon, calculations of essential drug requirements, 955-970
- gender differences, and smoking, 1269-1275
- general practice, and perceptions of the doctor, 579-586  
and doctor/patient communications, 895-900  
1401-1409
- Haiti, and oral rehydration therapy, 87-96
- healing techniques, in Southeast Asia, 747-877
- health, and race relations, 661-745  
and psychological factors, 1447-1459
- health aesthetics, in Malaysia, 811-818
- health belief models, drug-taking compliance, 277-285
- health beliefs, and childhood behaviour, 345-352  
and diarrheal treatment in Kenya, 1277-1286  
and attitudes to AIDS, 1295-1298  
and practice, 1357-1368  
and alcohol, 1429-1432
- health care, in China, 879-888  
and lay evaluation, 927-933  
and hospital admission policy, 947-954  
and psychological trauma, 1097-1103  
in Africa, 1125-1138  
and child health in Finland, 1263-1268
- health care patterns, and pharmacy in India, 563-567
- health care traditions, in Asia, 411-567
- health education, and pre-term births, 1439-1446
- health indicators, and social patterning, 327-337
- health inequalities, 291-296
- health information system, drug requirements in the Gabon, 955-970
- health maintenance, organisations in the U.S.A. and Britain, 305-320
- health policy, in Zimbabwe, 1131-1138  
in South Africa, 1153-1170
- health professionals, and the terminally ill, 369-375
- health service privatisation, in South Africa, 703-716
- health services, in Nigeria, 1223-1235

- health stages, and health in an urban black population, 1207-1214
- health status, 269-275  
and self perception of disability in French population, 1337-1342
- health surveys, in developing countries, 359-368
- heart disease, psychological consequences, 149-158  
and self-assessment, 597-605  
in Polynesia, 1433-1437
- Hindu medicine, 197-215
- Honduras, diarrheal control programme, 17-23
- hospital admission policy, and risk factors, 947-954
- hospital closure, and utilization patterns, 255-262  
and organisational theory, 1287-1294
- hysterectomy, and variation in surgical rates, 987-994
- illness reporting, and psychological distress, 1215-1221
- immunisation, progress in Indonesia, 1237-1245
- India, childhood diarrhea in the rural north, 75-85  
Ayurvedic medicine in the Punjab, 197-215  
the semiotics of ritual health, 417-424  
breast feeding in the north, 461-469  
and humoral concepts of mental illness, 471-477  
pharmaceuticals and health policy, 563-567
- Indonesia, magic and medicine in, 425-436  
and immunisation acceptance, 1237-1245
- inequality and health, 119-127
- infant, and child mortality in developing countries, 1357-1368
- iodine deficiency, and biocultural beliefs, 587-596
- insurance, and industrial risk, 1085-1095
- Italy, psychiatric reform, 1327-1335
- Japan, organ transplants, 339-343  
and pollution related health damage compensation, 1043-1052, 1053-1059
- justice, and the problem of AIDS, 297-303
- Kenya, and health beliefs in diarrheal illness, 1277-1286
- Korea, and its shamans, 445-450  
childbearing in, 497-504
- legal aspects, of pollution, 1105-1112
- legal issues, among pollution victims, 1061-1070  
1071-1084

- life events, and stress, 999-1002
  - and their predictive value, 1337-1342
  - and utilisation of mental health services, 1393-1400
- life expectancy, without disability in the U.K., 321-326
- life style, sport and health, 1309-1316
- 
- magic and medicine, in Indonesia, 425-436
- marriage, and psychological consequences of cardiac arrest, 149-158
- maternal, and child health, in Kenya, 1277-1286
  - education and child health, 1357-1368
- medical anthropologists, and accountability, 1461-1464
- medical care, 637-644
  - and medical trends in the Netherlands, 889-894
  - and patient satisfaction, 935-939
- medical perceptions, and general practice, 579-586
- medical pluralism, in rural North Yemen, 515-520
- medical sociology, its development in Finland, 223-229
- medical students, and psychiatric disorders in Belgrade, 187-190
- medical systems, 1171-1182
- 
- mental health, and ethnomedicine in Trinidad, 129-148
  - and unemployment, 239-247
  - in India, 471-477
- mental health policies, changed strategies in Italy, 1327-1335
- 
- mortality, and living conditions, 901-910
- mortality and marriage, 615-622
- mortality statistics, and occupation, 615-622
- mortality trends, in the Netherlands, 889-894
- Mozambique, destabilisation and health, 717-722
- multiple sclerosis, climate and diffused solar radiation, 231-238
- 
- myocardial infarction, and self-assessment of health, 597-605
  - and Type A behaviour, 623-626
- 
- Nepal, ayurvedic treatment in jaundice, 491-495
  - and traditional Sherpa medicine, 505-513
  - medical pluralism, 919-925
- 
- Netherlands, mortality trends and medical care, 889-894
- 
- Nigeria, diarrhea management programme, 107-118
  - child mortality, 607-614
  - and health service inequalities, 1223-1235
- 
- Nottingham Health Profile, 1411-1414

nutrition, and agricultural development in Zambia, 743-745

nutrition education, and diarrheal management programmes, 39-52

occupation, and mortality rates, 615-622

occupational health, in South Africa, 691-702  
and information in Canada, 1189-1196

oral rehydration therapy, 25-38  
in Sri Lanka, 39-52  
in rural Pakistan, 53-67  
in Costa Rica, 69-73  
and childhood diarrhea in rural North India, 75-85  
among Haitian mothers, 87-96

organisational theory, and hospital closures, 1287-1294

organ transplantation, in Japan, 339-343

Pakistan, maternal concepts of childhood diarrhea, 53-67

parental influence, and children's health beliefs, 345-352

patient information, and the Bhopal disaster, 1113-1123  
and cancer, 1139-1145

patient satisfaction, 935-939

perceived health, and its measurements, 1411-1414

Peru, diarrhea management programme, 107-118

pharmaceutical, and health policy in India, 563-567

Philippines, and child morbidity, 1183-1188

physicians, factors in drug prescription, 1381-1386

plural medicine, in Sri Lanka, 531-544

pollution, and health, 1011-1123  
and social policy, 1011-1018  
and health damage compensation in Japan, 1043-1052

Polynesia, patterns of cardiovascular disease, 1433-1437

poverty and disease, 119-127

premature birth, 1439-1446

pre-natal care, 167-172

primary health care, 17-23  
and diarrhea management education, 107-118  
self medication in Riyadh, 287-289  
the holistic approach, 1401-1409

private medicine, and health care in South Africa, 1153-1170

psychiatric disorders, among medical students in Belgrade, 187-190

psychiatric patients, and commitment laws in the U.S., 1247-1256

psychiatric services, in Italy, 1327-1335  
psychiatric symptoms, and contraception among Moslem women, 941-945  
psychiatry, in Southeast Asia, 553-561  
psychological distress, and care seeking, 1215-1221  
psychological factors, in immunisation programmes, 1237-1245  
psychotropic drug use, in a Swedish community, 263-267  
  
race relations, and health, 661-745  
rehabilitation, after cancer surgery, 358-392  
religion, and health care utilisation, 1369-1379  
rheumatoid arthritis, and social relationships, 399-403  
ritual, religion and health, 1197-1206  
  
rural health services, and child fostering in Sierra Leone, 627-636  
  
Rwanda, its popular medicine, 1343-1348  
  
safety, and occupational health in South Africa, 691-702  
  
Saudi Arabia, self medication, 287-289  
  
secrecy, and artificial insemination, 377-383  
  
self-assessment, and myocardial infarction, 597-605  
  
Senegal, and traditional medicine, 353-357  
Sierra Leone, child fostering and feeding practices, 627-636  
single parents, and child mental health, 181-186  
smoking, and sex differences among different cultures, 1269-1275  
     cessation programme, 1387-1392  
socialisation processes, in health, 1171-1182  
social patterning, and health indicators, 327-337  
social policy, and pollution-related disease, 1011-1018  
social support, and heart attacks, 149-158  
     and recovery after cancer surgery, 358-392  
     and psychological well-being in rheumatoid arthritis, 399-403  
     and services utilisation, 1393-1400  
socioeconomic differential, and child mortality in a Nigerian city, 607-614  
socioeconomic status, and health in Canada, 1317-1325  
  
South Africa, and private medicine, 1153-1170  
Southeast Asia, techniques of healing, 747-877  
Southern Africa, apartheid and health, 683-689  
spiritual healing, in the Baltimore area, 1197-1206

sport, and health, 1309-1316

Sri Lanka, perceptions of diarrheal illness, 39-52  
and medical pluralism, 479-489  
and plural medicine, 531-544  
illness behaviour, 545-552

standard of living, and mortality, 901-910

stress, and cancer care among health professionals, 159-166  
and unemployment, 239-247  
and HIV, 569-578  
and social resources, 999-1002  
and health, 1447-1459

sudden infant death syndrome, 393-397

surgery, and breast cancer, 1257-1262

survey design, and health in developing countries, 359-368

Sweden, psychotropic drug use, 263-267  
mothers' attitudes towards breast feeding, 405-410  
variations in cardiovascular mortality, 911-917  
depression among unemployed women, 1349-1355

Thailand, supernatural practitioners, 437-443

traditional conceptions, of health and sickness, 1171-1182

traditional medicine, and oral rehydration therapy in Northeast Brazil, 25-38  
and gastrointestinal illness in Costa Rica, 69-73  
in Senegal, 353-357  
among Nepalese Sherpas, 505-513  
and western medicine in China, 521-529  
in Southeast Asia, 757-877  
in Nepal, 919-925  
and collaborative programmes in Africa, 1125-1130  
in Rwanda, 1343-1348

Trinidad, mental health and local medicine, 129-148

tuberculosis, in the Western Cape of South Africa, 683-689

Turkey, mothers' attitudes towards breast feeding, 405-410

Type A, behaviour, 623-626

unemployment, and psychiatric distress, 239-247  
and mortality in Sweden, 911-917

unintended pregnancies, 249-254

United Kingdom, transport provision for the elderly, 173-180  
and health inequalities, 291-296  
and the question of health maintenance organisations, 305-320  
the expectation of life without disability, 321-326

upper limb pain, epidemic in Australia, 645-649

U.S.A., hospital closures and utilization patterns, 255-262  
health maintenance organisations, 305-320  
psychiatric commitment laws, 1247-1256

women's health, ritual healing in North India, 417-424  
contraception and sociocultural beliefs among Moslem women, 941-945  
and hysterectomy in the U.K., 987-994  
unemployment and depression, 1349-1355

Yemen, medical pluralism in, 515-520

Yugoslavia, psychiatric disorders among medical students, 187-190

Zambia, agricultural development and health, 743-745

Zimbabwe, the economy of child health, 723-731  
labour insecurity and health, 733-741  
its health care system, 1131-1138
